## Me

I'm a senior leader developer in the field with more than 10 years of experience.

Nonetheless my quite young age, I can master all the most important technologies to get a great job done every time (mobile apps, back-end, front-end, websites, seo).

I've work with big business in Italy in the media and editorial field, and also middle and small business.

I'm an independent, high dynamic, clear requiring, goal achiever, team player person, and I like to work with similar person in a well organized environment, preserving my personal space.

I can lead project if in charge with great precision, I can optimize team workflows, solve criticities and improve cash-flow gains.

I'm a Professor in Web Development since 2017 in Florentine IED Private University.

I'm also a System Administrator and System Security Supervisor.
